### [NEW Website!](#)

On August 1, 2018, the Shared Library Services Partnership website went live.

One of the recommendations from the 2017 evaluation report from Public Health Ontario was to continue to build a centralized website for the Shared Library Services Partnership. The website provides a place to allow for increased collaboration between the four Shared Library Services librarians and to better enhance service for staff members at the health units we provide service to.

It is a jumping off point to the resources available on the Virtual Library, a place to find recorded webinars and library training, learn about Evidence Informed Decision Making, and quickly contact your Shared Library Services librarian. **Check it out at:** <http://slsp.ca>

#### **1. Mental Health**

E-Health interventions for anxiety and depression in children and adolescents with long-term physical conditions

*Cochrane Database of Systematic Reviews. 2018.  
Available on the Virtual Library.*
