Monthly Public Health Resources Newsletter

In this issue

June is Pride Month and in this issue we are pleased to share a number of resources and upcoming webinars focused on the 2SLGBTQIA+ community. To learn other health promotion topics promoted in June, visit the Government of Canada [calendar of health promotion days](#).

Scholarly Articles

Not all articles may be freely available online.

Contact library@mlhu.on.ca to obtain full text or request the username and password for Virtual Library.

Chronic Disease Prevention

Minority stress in relation to biological outcomes among sexual and gender minority people: a systematic review and update.

Randomized controlled trials on physical activity, diet, or both for public health through body weight management in 5- to 10-year-old pupils: a systematic review and meta-analysis.

Emergency Management

Use of multi-criteria decision analysis (MCDA) to support decision-making during health emergencies: a scoping review.

Environmental Health

A public health perspective on cyanobacteria, climate change, population growth, and potential risk of neurodegenerative disease.

Behaviour change interventions to improve household sanitation and hygiene practices in urban settings: A systematic scoping review.

Food and Nutrition

Dietary patterns and colorectal cancer risk: Global Cancer Update Programme (CUP Global) systematic literature review.

How do different food policies impact food insecurity and health? A review and meta-analysis.

Health Communication

Heat-health messaging in Canada: A review and content analysis of public health authority webpages and resources.

Strategies for Effective Public Health Communication in a Complex Information Environment.

Health Equity

Breaking Barriers with Data Equity: The Essential Role of Data Disaggregation in Achieving Health Equity.

Exploring Mobile Health Clinics: A Scoping Review

Health-related stigma among Indigenous Peoples in Canada: A scoping review.

Housing

A systematic integrative review of international policies for women experiencing homelessness.

Experiences of Trauma for Older Adults with Lived and Living Experiences of Homelessness in Middle to High Income Countries: A Systematic Review and Meta-Aggregation.

Infectious Diseases

Comprehensive Insights into Highly Pathogenic Avian Influenza H5N1 in Dairy Cattle: Transmission Dynamics, Milk-Borne Risks, Public Health Implications, Biosecurity Recommendations, and One Health Strategies for Outbreak Control.

Global epidemiology, viral evolution, and public health responses: a systematic review on Mpox (1958–2024).

Mental Health

A Scoping Review of Suicide Prevention Interventions for Lesbian, Gay, Bisexual, Transgender, Queer, and Other Sexual and Gender Minority Individuals.

Oral Health

Impact of Clinical Consequences of Pulp Involvement due to Caries on Oral Health-Related Quality of Life in Children and Adolescents: A Systematic Review and Meta-Analysis.

Oral Health and Hygiene Status of Global Transgender Population: A Living Systematic Review and Meta-Analysis.

Reproductive / Sexual Health

Analysing the scientific literature on transgender and gender diverse persons' experiences with sexual and reproductive health care services from an intersectional perspective.

Environmental scan of available guidelines for chlamydia and gonorrhea screening recommendations for non-pregnant adolescents/adults in developed countries.

School Health

Effectiveness of educational interventions in United States schools to prevent opioid-related harms: A systematic review.

Substance Use/Tobacco Use

A systematic review of smoking cessation interventions tested among Indigenous populations in the United States.

Rising transphobia and disparities in drug-related harm experienced by transgender and gender-diverse people.

Transgender and Gender-Diverse Minority Stress and Substance Use Frequency and Problems: Systematic Review and Meta-Analysis.

Vaccine-Preventable Diseases

A systematic review and thematic synthesis exploring how gay, bisexual and other men who have sex with men (GBMSM) experience HPV and HPV vaccination.

Are there any sociodemographic factors associated with non-uptake of HPV vaccination of girls in high-income countries with school-based vaccination programmes? A systematic review.
